

ROAD MAP TO **IT SKILL** **2020** **STANDARDS** **AND BEYOND**

<https://collin.instructure.com/courses/933177>

The IT Skill Standards 2020 and Beyond project grant's mission was to support technical programs across the country and align curriculum with employer needs. This online "Road Map" resource Canvas tool summarizes slides and exercises of the 2023-24 ITSS Summit workshops, including select video recordings of March 2024 presentations. The Road Map include the follow topics.

Introduction

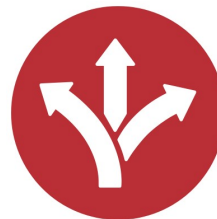

Explanation of Skill Standards

BILT Essentials

Recruiting Employers

Knowledge, Skills, and Abilities

After the KSA Vote

Next Steps

This material is based on work supported by the National Science Foundation under IT Skill Standards 2020 and Beyond DUE 1838535, National Convergence Technology Center DUE 1700530, and Pathways to Innovation 2039395. With the publication of this online resource, the IT Skill Standards 2020 and Beyond grant funding has ended. The office is closed. Some dates throughout the resource may have already passed; please remember that this resource is not monitored or maintained.
